

Technical Data

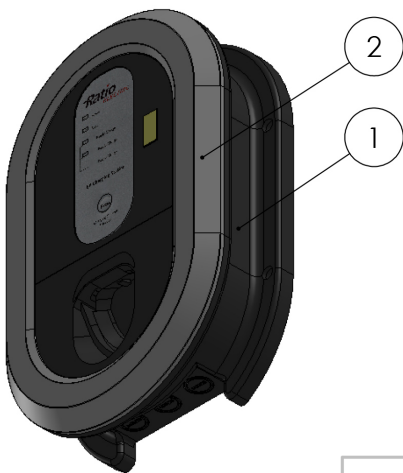

EV Wallbox

p/n 35351

Charging standard	IEC 61851-1, Mode 3
Input Voltage	3-Phase 230V / 50 Hz
Max. Input Current	32A
Max. Output Power	22,2kW, adjustable 16A, 24A and 32A
Output Connection	Fixed charge cable 5 meter, type 2 connector moulded
Operation Temperature	-25C° to +40C°
Humidity	Max. 95%
Ingress Protection	IP54
Electrical Protections	External
Housing Material	PC/ABS, black
Cover Ring	ABS, Chrome plated
Status Indication	3 LED's
Authorisation	Auto start
Dimensions (HxWxD)	401x251x109,5 mm
Weight	6,1kg
Marking	CE
Mounting	Wall mount
KwH meter, MID	No
Options	Stainless steel Pole, single or double Key switch
